

Dear Gideon,

September 10, 2007

Chris and I just wanted to "Thank You" once again for all the work you did on our home.

I just want to let you know, that when we decided to have some work done, we met with many salespeople before we met with yours, and he was the last person we met with! We wanted a real contractor... and got one!

Your salesman was polite, but yet honest, he told us what would be good for our home and NOT just what we wanted to hear.

(like all the other salespeople we met with).

We both knew right away, that we wanted your company to do the work.

I was home when you & your crew started the job, and let me tell you....

Every one of your workers, worked hard and got the job done right!

It was nice to know that YOU.. especially... treated our home like you were doing work on your own.

Now... people drive by and slow down, just to see our house...

It's a good feeling.

You truly stand behind your logo "Honesty, Integrity & Sincerity".

We both "Thank You" once again & cannot wait until next year when you do our deck & patio.

Sincerely,

Chris & Vicki Hahn

203 North Boston Avenue
