1556 Ocean Avenue Suite 14  
Bohemia, NY 11716  
Attn: Gideon

Dear Gideon,

We are writing to tell you how pleased we are with the kitchen job that you completed for us this past summer. From design, to your construction, it all came out better than we expected. It was a pleasure working with you and your crew. You attended to our every request and were very agreeable to work with as well as *being* at our home at the time you were scheduled to be there. Your crew was friendly and especially clean. We thank you for your attention to detail and for your suggestions. We have received many compliments from friends and family on the completed job.

We would be happy to serve as references for you anytime.

Sincerely,

John and Francine Farrell
