Dear Gideon,

We just wanted to thank you for the amazing remodel you recently completed for us in East Norwich. We couldn't be happier with the way it turned out. We had interviewed many contractors before deciding whom to entrust our project to (adding four bedrooms, two baths, new siding, windows, CAC, raising the existing first floor ceilings, two story foyer, etc. and I can honestly say that we have not regretted our decision for one moment.

You met with us numerous times and answered each one of our questions until we felt completely at ease. Your entire staff is fantastic and we would (actually already have) recommend you to anyone who is looking to do work on their home. Marvin, and all of your employees were wonderful to work with & always on time, friendly and it was great to come home at the end of each day to a well cleaned up house (both interior and exterior). Many of our neighbors also commented on how quickly everything was completed and how hard you and your staff worked every day. The timeframe you gave us was completely accurate and you handled everything for us, including all the inspections.

We have to say that we were very impressed with how quickly you always responded to our emails, call or texts. You never allowed a day to pass where one of our questions hadn't been answered.

You also gave us some great ideas that really made a huge difference in the overall look of our home as well. The master bedroom ceiling and the columns with moulding in the foyer turned out beautifully and are some of our favorite parts of the house!

Your honesty and professionalism was apparent throughout the entire course of our project and I sincerely look forward to working with you again in the future when we extend our kitchen. Please feel free to give our name/number to anyone asking for a reference. Thank you so much for everything!
